Dear Pennsylvania Contractor/Consultant:

This letter is to express our appreciation for your prompt submission of the Monthly Employment Reports for each project funded by the American Recovery and Reinvestment Act (ARRA). Despite the accelerated deadline, we were able to receive reports from every contractor for all ARRA projects and provide the information to both the Governor's office and the required Federal reporting.

Your timely response is another example of how the Pennsylvania Transportation Industry has delivered upon expectations and will further ensure the success of the economy recovery initiatives.

Continued efforts such as this will restore the faith of Congress to invest in Pennsylvania's infrastructure, and prove that we are fully capable of meeting expectations and putting people back to work.

Congratulations and thank you for making a difference.

Sincerely,

A handwritten signature in cursive script that reads "Allen D. Biehler".

Allen D. Biehler, P.E.
