

# APC/PENNDOT Project Managers Workshop District 11-0

APC and District 11 are again sponsoring a Project Managers Partnering Meeting with District 11-0 project personnel and contractor project employees. The goal of the program is to develop working relationships at the project level.

Please note: District 11 has committed approximately 50-60 project managers, as well as, consultant inspectors to attend this session. Your project personnel and your company will benefit greatly by participating. There will be ample opportunity for networking and for your project people to develop working relationships. District 11 is covering the costs of facilitators, etc. APC has agreed to cover costs of breaks and incidentals.

This year's meeting will return to the problem solving format and focus on ways that contractor and district personnel can work together to "get the job" done. The conference will also produce a product process for resolving differences and issues immediately at the project level and a knowledge among contractors as to who to go to when problems on a job arise. Also, contractor personnel will learn what their responsibilities are to maintain a smooth project.

- WHEN:** Tuesday, March 2, 2010
- WHERE:** Robert Morris University  
6001 University Blvd.
