Title:	ECMS-Based Bidding Process
Description:	This training will be a half-day (approximately 4 hours) training class for Construction Contractors. Using the newly created ECMS-based Bidding Process Chapter in Pub 637, the instructor will provide a demonstration of the ECMS-based bidding process from Construction Contractor's response to an advertisement, to final submission of a construction project bid. The instructor will use an ECMS Project provided by PennDOT to lead participants through the steps outlined in the chapter. Participants will receive a copy of the new chapter. The presentation is intended for a large group of people.
